INGREDIENTS

Molasses Products, Dicalcium Phosphate, Potassium Chloride, Plant Protein Products, Vegetable Oil, Processed Grain By-Products, Forage Products, Magnesium Oxide, Calcium Carbonate, Zinc Amino Acid Chelate, Manganese Amino Acid Chelate, Copper Amino Acid Chelate, Manganese Sulfate, Sodium Selenite, Copper Sulfate, Zinc Oxide, Vitamin A Supplement, Vitamin D₃ Supplement, Vitamin E Supplement, Calcium Iodate, Cobalt Carbonate.

FEEDING DIRECTIONS

This tub is designed for self feeding to growing cattle and mature breeding cattle. Provide free choice as a supplement to pasture cattle at the rate of 10 to 20 head per tub. Place tubs in pastures near areas frequented by cattle, such as watering locations, shade or loafing areas. Consumption may vary depending on number of head per tub, climate, grazing conditions, condition of cattle and/or availability of other feeds. Cattle typically consume 0.5 to 1.0 lb per head daily. In situations where climate and/or other factors result in consumption other than desired, intake of supplement can be increased or decreased by adding or reducing tubs per pasture. Provide free access to fresh, clean water at all times.

CAUTION: Consumption of this product by sheep and goats may result in copper toxicity. Use only as directed.

NOTICE: This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feeds.
